

Temporary Committees

Temporary committees may be established by the Board of Education for investigating and reporting on specific issues not related to a standing committee. Such committees will be of an ad hoc nature and shall be automatically dissolved when their final report is accepted by the Board of Education. The number of meetings of the committee should be limited. The mission and tentative time frame, as well as the parameters for operation for the committee, should be established by the Board of Education upon the creation of the committee. The committee will be subject to the open meetings law. Members of the temporary committee shall be selected by the Board President subject to approval by the Board of Education.
