

**Use of Motor Vehicles, Minor School Licenses (School Driving Permits)**

The Board of Education recognizes the convenience to families and students of having students drive to and park at their school attendance center. Driving a motor vehicle to and parking at the student's attendance center is a privilege rather than a right.

Students who live within one mile of school, and would not otherwise be eligible for a student driving permit, may be eligible for a student driving permit, for driving to and from school and school activities and practices, if the student:

- a. Is involved in before and after school activities
- b. Attends classes/school activities based at another school/community location

Students who wish to drive to and park at their school attendance center shall comply with the rules and regulations established by the building principal. Failure to comply with this policy or the school district rules shall be reason for revocation of school driving and parking privileges, as well as other disciplinary action including suspension and expulsion.

The process to appeal the decision by a school administrator is as follows: 1) superintendent 2) school board. The decision of the school board is final.
