

Balance Investigation

Use the balance to discover how much these objects weigh.
Put the object on one side and use the weights to show how much it weighs.
Use grams, pennies, or a standard measurement. Record your work.

Object	=	Grams, pennies, or whatever you choose to use
 spoon	=	
 5 dice	=	
 4 crayons	=	
 deck of cards	=	
 cup or water bottle	=	
 bowl	=
