

# Trade-off Activity

## Directions:

1. Circle three to five items that you would buy if you had enough money.
2. Choosing from among the items you circled, draw a box around the one item that you would buy, knowing that you won't be able to have these other things.
3. In the space below, explain your choice. Share why the item you chose is a want or a need for you and how you feel about this trade-off.
