## **Relative Pronouns and Adverbs**

A **relative pronoun** tells more about a person or object noun in a sentence. Relative adverbs tell more about the time and location of a noun.

| Relative Pronouns |       |       | Relative Adverbs |       |     |
|-------------------|-------|-------|------------------|-------|-----|
| who               | whom  | whose | when             | where | why |
| v                 | vhich | that  |                  |       |     |
