

Directions: For each problem below, underline the three verbs in the sentences. Above each verb place the letter "P" if the verb is in the past tense, the letters "Pr" if the verb is in the present tense, or the letter "F" if the verb is in the future tense. When completed, circle the verb that is not in the same tense as the other two verbs. On the line, write that verb in the tense that matches the two other verbs.

1. Jim baited his fishing pole with a worm, casted his line into the pond, and catches a large tuna fish.

---

2. Pam will pack her luggage tonight. Then she rode a taxi to the airport in the morning, where she will get on a plane to fly to Scranton, Pennsylvania.

---

3. Kevin makes a large pot of chili for his coworkers. As he carried it into the building, he spilled the chili all over the floor of the office.

---

4. Dwight takes karate lessons at the local gym. He kicks boards and broke them in half.

---

5. Angela has a lot of cats at her home. She will feed them twice a day and scoops the kitty litter every night.
