

Create your comic strip below, you do not need to use all of the spaces provided. Create your character and its setting to tell the story of your comic; the setting can be just as important as the character you create in comic strip story telling. Characters can be as simple as a blob/stick figure/simple shape (circle, square, triangle) or more completed and complicated characters created with form and value. Be sure to add word bubbles (🗨️, 🗨️, 🗨️) to illustrate what your character is saying.
