FAMILY EDUCATION RIGHTS AND PRIVACY ACT NOTICE (FERPA)

Student Educational Records

The student records maintained by the Dubuque Community Schools are composed primarily of testing records, psychological reports, grade records, health records, attendance records, records relating to extracurricular activities, age records, and records of former disciplinary actions. These records are kept at the school of attendance and are under the charge of the principal of each school.

Upon request, the School District may disclose education records without parental consent to school officials of another school or school system in which a student seeks or intends to enroll.

A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Parents’ Right To Review

A parent of a student or a student who has reached age 18 may inspect the educational records of the student except as limited by law. The opportunity to inspect may be made at the school of attendance and shall be provided within 45 days of the request by a parent, or by a student who has reached age 18. The principal of the school may require that such request be made in writing.

Parents’ Right to Amend

The parent of a student or a student who has reached age 18, who believes that information contained in the records is inaccurate or misleading, may request in writing that certain records be amended and the reason therefore, and such request will be considered by the school district as provided by the Family Educational Rights and Privacy Act.

Parents’ Right to File Complaint

If the parent feels the school district failed to comply with FERPA requirements, he or she has the right to file a complaint with the US Department of Education concerning the alleged failures. Complaints should be filed with: Family Policy Compliance Office, US Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5920

Legal Status of Student

If a student’s legal status, such as the student’s name of the student’s custodial arrangement, should change during the school year, the parent or guardian must notify the school district. The school district needs to know when these changes occur to ensure that the school district has a current student record.

Inspection of Educational Materials

Parents and other members of the school district community may view the instructional materials used by students in the office. Copies may be obtained according to board policy. Tests and assessment materials are only available for inspection with the consent of the superintendent. Persons wishing to view instructional materials or to express concerns about instructional materials should contact their home school.

SECTION 504 OF THE REHABILITATION ACT OF 1973

AMERICAN DISABILITIES ACT (ADA) - PUBLIC NOTICE

Section 504 and ADA is an Act which prohibits discrimination against persons with a disability by an institution receiving federal financial assistance. The Act defines a person with a disability as anyone who:

1. has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working);
2. has a record of such impairment; or
3. is regarded as having such an impairment

In order to fulfill obligations under Section 504, the Dubuque Community School District has the responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability should knowingly be permitted in any of the programs and practices of the school system.

The school district has responsibilities under Section 504, which include the obligation to identify, evaluate, and if the student is determined to be eligible under Section 504, to afford access to appropriate educational services.

A parent may request a form to initiate a referral for any student by contacting the principal of any school or the ADA/Section 504 Coordinator. If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. This Act gives the parent or guardian the right to:

2. make copies of these records;
3. receive a list of all individuals having access to those records;

ACCESSIBLE INSTRUCTIONAL MATERIALS (AIM)

The 2004 reauthorization of the Individuals with Disabilities Education Act (IDEA) included the requirement that students with visual impairments and students with print disabilities receive their textbooks and core-related instructional materials in a timely manner.

Core curriculum material and textbooks may need to be converted to these specialized formats. Specialized formats enable students with print disabilities to gain the information they need to complete tasks, master IEP goals, and reach curricular standards.

These accessible materials may be secured from different sources depending upon the defining characteristics of the students' disability and need. Decisions regarding Accessible Instructional Material must be made by the IEP Team.
