CAMPS

CURIOUS ABOUT CORAL

MONDAY, MARCH 13 | 9 A.M. - 4 P.M.

An underwater rescue mission to save the Florida Reef Tract is underway! Campers are invited to explore the saltwater habitat of coral reefs, discover the creatures that call them home, and learn how our aquarists stationed in Dubuque are protecting Florida's corals.

APRIL SHOWERS BRING MAY FLOWERS

TUESDAY, MARCH 14 | 9 A.M. - 4 P.M.

Rain, rain, go away! But sometimes it's important for rain to stay! Discover what creates rain and why precipitation is so important to us. Unearth how flowers are made and why bees like them so much. We'll learn about pollinators and make seed bombs to grow your own.

WHAT DID YOU SAY?

WEDNESDAY, MARCH 15 | 9 A.M. - 4 P.M.

What did the tree say to Spring? What a re-leaf! Did you know that trees communicate with one another? Campers will discover how wildlife and other things in nature communicate to help protect their species. We'll use our communication skills playing games and making mini-forests.

THROWBACK THURSDAY: SPRING SURVIVAL

THURSDAY, MARCH 16 | 9 A.M. - 4 P.M.

Spend a day in the life of a pioneer! Experience how people lived in a log cabin and learn pioneer games. Enjoy the process of making and tasting butter and discover other food they may have eaten and planted.

EVERYDAY IS EARTH DAY

FRIDAY, MARCH 17 | 9 A.M. - 4 P.M.

Earth Day is more than one day – it's a lifestyle! Learn how to apply conservation in our daily routines. We'll determine what plants or animals are invasive species and create projects made from recycled materials.
