CAMPS

WINTER IN THE WILD

TUESDAY, DECEMBER 26 | 9 A.M. - 4 P.M.

What evidence of wildlife do you see out the window? Tracks in the snow? Birds in the trees? Squirrels at the feeder? Many species have amazing abilities, which include adaptations, to survive the cold. Together, let's discover secrets to wildlife winter survival.

## ANIMAL MYTHS-WHAT'S THE TRUTH?

WEDNESDAY, DECEMBER 27 | 9 A.M. - 4 P.M.

Do opossums hang by their tails? Will touching a frog or toad give you warts? Are bats really blind? Join us as we answer these questions, explore additional wildlife myths, and discover the truth about our wild neighbors.

## WHEN I GROW UP

THURSDAY, DECEMBER 28 | 9 A.M. - 4 P.M.

What did you look like at two years old? How will that change by the time you are a teenager? Let's come together to learn how animals and plants, grow through their stages of life.

## CSI-WILDLIFE INVESTIGATOR

THURSDAY, DECEMBER 29 | 9 A.M. - 4 P.M.

Species are becoming endangered worldwide and the NMRMA is on the case. As a wildlife investigator, you will track their moves, find out what they eat, and watch the environment around them to understand why certain species are disappearing. Let's crack the case together!
