Not only is Frontline available on the web, but you can also find and accept available jobs, manage personal information, change your PIN number, and more, all over the phone.

When You Call Frontline

To call Frontline, dial **1-800-942-3767**. You will be prompted to enter your ID number (followed by the # sign), then your PIN number (followed by the # sign).

- Review or cancel a specific job – **Press 3**
- Review or change your personal information – **Press 4**

When Frontline Calls You

Keep in mind, when Frontline calls you, it will be calling about one job at a time, even if you are eligible for other jobs. You can always call into Frontline (see “When You Call Frontline” section above) to hear a list of all available jobs.

Note: When Frontline calls you, be sure to say a loud and clear “Hello” after answering the call, so that the system knows you picked up the call.

When you receive a call from Frontline, you can:

- Listen to available jobs – **Press 1**
- Prevent Frontline from calling again today – **Press 2**
- Prevent Frontline from ever calling again – **Press 9**

If you are interested in the available job, **Press 1**. You will be asked to enter your PIN number (followed by the # sign). At this point, Frontline will list the job details, and you will have the opportunity to accept or reject the job.

Confirmation Number: Each time a Substitute Employee accepts an assignment they will be issued a confirmation number.

Unable to Work

If a substitute is going to be unavailable for a period of time, please log into Frontline to block out the time you will be unavailable. Frontline will not call you during the time you are not available. If a substitute should become ill and cannot report to a previously accepted assignment, he/she should cancel the assignment in Frontline and then notify the school of the cancellation. If it is after school hours please leave a voicemail for the secretary. If it is past the deadline to cancel in Frontline, please call the school so that a new substitute can be arranged. Contact information for all schools can be found on pages 12 & 13 of the handbook.

Settings

Please go to the preferences tab on the left side of the screen, select schools from the pop-up window and select all schools you wish to sub at. You also have the ability to change call times in the preferences section.

While you are working with students, cell phone use is strictly prohibited. Cell phones are not to be used to make phone calls, to send/check text messages, to send/check email or to check for assignments in Frontline while you are working as a substitute in our district. This can be done during your lunch break, between periods or on a break. Students should be your number one priority while working in our district.

Substitutes will:

Confidentiality:

While you are working as a substitute, you may hear or see privileged (confidential) information. Any information you may hear or see must be kept private. Even unintentional mention of confidential information during conversations, inside or outside of school, is still a breach of confidentiality and doing so risks the right of privacy of our students, staff and/or their family members. Your account user credentials are personal to you, the District has no need for your credentials, and the District will **NEVER** ask you to provide your credentials or other personal information through any electronic message, notice or solicitation; therefore, any such request will almost certainly be fraudulent. Your credentials give you access as part of your employment to various DCSD systems and to data stored within those systems. If you divulge your credentials to others, they will have the same access that you have, and your personal information, including personal identity and payroll and bank account information, will be at risk. Again, under **NO CIRCUMSTANCES** should your credentials (i.e., username and password) be shared or divulged to others

Prevention of False Claims, Fraud & Abuse In Government Funded Health Programs

To All DCSD Employees: As a recipient of federal health care program funds, including Medicaid, the Dubuque Community School District is required by law to include in its policies and provide to all employees and/or, associates detailed information regarding the federal False Claims Act and applicable state civil and criminal laws intended to prevent and detect fraud, waste and abuse in federal health care programs. Please review this information.

What is the False Claims Act?

The False Claims Act is a federal law that makes it a crime for any person or organization to knowingly make a false record or file a false claim regarding any federal health care program, which includes any plan or program that provides health benefits, whether directly, through insurance, or otherwise, which is funded directly, in whole or in part, by the United States Government or any State health care program. "Knowingly" includes having actual knowledge that a claim is false or acting with "reckless disregard" as to whether a claim is false. Examples of potential false claims include knowingly billing Medicare for services that were not provided, submitting inaccurate or misleading claims for actual services provided, or making false statements to obtain payment for services.

The False Claims Act contains provisions that allow individuals with original information concerning fraud involving government health care programs to file a lawsuit on behalf of the government and, if the lawsuit is successful, to receive a portion of recoveries received by the government.

State Laws

In most states it is a crime to obtain something (e.g., such as a Medicaid payment or benefit) based on false information.

Penalties for Violation of the False Claims Act

There are significant penalties for violating the federal False Claims Act. Financial penalties to an organization that submits a false claim can total as much as three times the amount of the claim plus fines of \$5,500 - \$11,000 per claim. In addition to fines and penalties, the courts can impose criminal penalties against individuals and organizations for willful violations of the False Claims Act.

Protections Under the False Claims Act

The federal False Claims Act protects anyone who files a lawsuit under the Act from being fired, demoted, threatened or harassed by his or her employer as a result of filing a False Claims Act lawsuit.
