

GRIT STARTS IN SCOUTING

ADVENTURE. CONFIDENCE. CHARACTER.

That's what youth gain in Scouting America.

Youth ages 11-17 (grades 6-12) join Scouts BSA to explore the outdoors, master new skills, and grow into confident leaders. From camping and hiking to community service and merit badges, every experience builds character, resilience, and teamwork.

Whether you're aiming for Eagle Scout or just looking for adventure, Scouts BSA is where growth happens!

Prepared. For Life.™

For more than 115 years, this has been our promise to parents and youth across America. It resides in the heart of every Scout who ever overcame one of life's challenges. It is the value of being prepared — the core of Scouting and a statement that inspires a lifetime of character, leadership and service.

OUR PROGRAMS:

CUB SCOUTS: Kids ages K–5th grade

Cub Scouting offers boys and girls the opportunity to see and learn fun, new things that can't be found anywhere else. Cub Scouts are at that magical age where everything is new and possible, and most important, fun. The life lessons learned here not only transform today's Cub Scouts into tomorrow's Scouts BSA members but also help form a foundation to embrace opportunity and overcome obstacles in life.

SCOUTS BSA: All youth ages 11–17

In Scouts BSA, leadership is learned through adventure, both in the great outdoors and in our communities. Here, young people learn leadership by putting the principles of Scouting into practice every day. In this time-tested program, youth lead their own activities and work their way toward earning Scouting's highest rank, Eagle Scout.

VENTURING: All youth ages 14–20

Venturing is a program that focuses on adventure, leadership, personal growth, and service. Venturing's motto, "Lead the Adventure," reminds Venturers to always pursue life in the spirit of adventure. Venturing crews are youth-led and adult-advised.

EXPLORING: All youth ages 14–20

Exploring is the first step in identifying career possibilities while having fun in an exciting and informal environment. The program provides students with an opportunity to learn about a wide variety of career fields and network with professionals already working in those fields. You get hands-on experience to determine whether or not a particular career field is right for you.
