Sageville Elementary Newsletter

November 7, 2019

From the desk of Miss Mac:

Thank you for your continued thoughts and prayers! My surgery was successful and recovery is slow and steady as I will have a longer recovery process than expected. I have a new appreciation for my husband's ugly recliner. It has become my new best friend!

I found out yesterday that the cancer has not invaded the muscle wall of the bladder. This is the news that I was hoping I would receive. The bladder needs to heal before I begin Intravesical Immune Therapy starting in December which involves a drug directly placed into the bladder.

This journey is just beginning and knowing I have the support and prayers of my Sageville family has made it easier. I can't tell you enough how much I miss the students and staff. Just thinking of the energy and smiles that are happening each day at school get me through the days. I know an extra burden has fallen on the staff in my absence and I have heard nothing but full steam ahead without me.
