Sageville Elementary Newsletter

January 31, 2020

From the desk of Miss Mac:

I apologize that I didn't do a great job of timing when I sent out my retirement message right before school, especially right after Friday's cancellation of school. It was very important to me that Sageville families would learn this information right after staff was informed. I'm very excited for Miss Mac's second act! There's lots of things in the works for family and travel in the future, but the next several months are devoted to Sageville School!

The school on-line conference scheduler is open. The link will be open until Friday, February 14th.

Americorp will hand out one free LED bulb to anyone interested during conferences. These bulbs will feature education facts and let parents know where they can purchase bulbs at an affordable price and locally. They will be located in the gym near the book fair.

Two by Two instructor Becca Johnson teaches 2nd graders about animal safety .
